

Lake Byllesby Regional Park Master Planning Process

What's Going On?

Dakota County is nearing the end of over a year-long process to update the 2005 Lake Byllesby Regional Park Master Plan, including a new Natural Resources Management Plan for the park. In a coordinated process, Goodhue County is also updating the master plan for their Byllesby Park.

After collecting input from open houses in September 2016, March 2017, and two online questionnaires, Draft Master Plans for each of the parks are ready for review. We are now seeking feedback that will be used to finalize the master plan documents.

How Can I Be Involved?

Attend the 3rd Community Open House:

Review and discuss the Dakota County Lake Byllesby Regional Park and Goodhue County Byllesby Park Draft Master Plans

When: **Wednesday, October 11th**
5:30 to 7:30 pm

Where: **Cannon Falls City Hall**
918 River Road
Cannon Falls, MN 55009

We want to know what you think!

To view the draft plans and provide comments online, visit the project websites:
