Re: National County Government Month

National County Government Month (NCGM) is an opportunity - a moment to elevate our work and educate citizens on the importance of county government. Residents deserve to know about the many ways our work touches their lives, and the broader framework of intergovernmental partnership wherein we county leaders deploy local, state, and federal programs on the ground.

Our role is broad and deep, and there is much to say - when considering your approach to NCGM, think of how our County will RISE!:

- Resiliency refers to our focus on the future and our determination to serve our communities even as they grow and change
- Inclusion focuses on programming that ensures no one is left behind, especially those who have historically been underserved
- Solvency means fostering economic mobility opportunities that help residents and communities prosper
- Empowerment is a commitment to sharing resources, educating and informing one another
