PUBLIC WORKS DIRECTOR’S REPORT

State Park Road Funding for CSAH 28 Update. Staff updated the board on funding for the paving of CSAH 28 in Frontenac State Park. County staff was made aware of a funding source through the MnDNR, and applied for those funds on CSAH 28, due to its nature as a park access road. On April 1, 2024, County staff received notice from the MnDNR that the project was awarded \$326,121.05 in funding through the State Park Road Account (SPRA). Due to the bid price of the CSAH 28 project being slightly higher than the estimate, the SRPA funds account for 49.3% of the costs for construction. Prior to the award of SPRA funds, staff was proposing to fund the paving of CSAH 28 with the County’s allotment of State Aid funds. This was for information only.

CSAH 11 Funding. Early in 2024 Public Works staff worked on a funding application that was available for federal monies allocated to Mn/DOT’s District 6. Public Works has been notified that Goodhue County will be receiving federal funding dollars for a planned grading project on CSAH 11 that will be happening in 2028. This was for information only.

COUNTY ADMINISTRATOR’S REPORT

Social Media Policy. Outreach and Communications Coordinator, Briggs Topple addressed the board on behalf of the Communications Committee. Staff recommended the board approve the updated Social Media Policy.

C/Anderson requested an update on the issue in six months.

⁸ Moved by C/Anderson, seconded by C/Betcher, and carried to approve the updated Social Media Policy as presented with a review provided to the board in six months.

Prairie Island Nuclear Generating Plant Environmental Impact Study Comments. The Department of Commerce (DOC) has begun the Environmental Impact Study (EIS) for the additional storage of spent nuclear fuel at the Prairie Island Nuclear Generating Plant (PINGP). A proposed letter was included in the board packet and would be submitted as the County submission for the EIS.

Parks and Trails Position- C/Flanders. At the April 16, 2024, County Board Meeting, Public Works Director, Jess Greenwood, brought forward a request to add a Parks and Trails Manager position in 2024 and delay the replacement of the recently vacated Administrative Support Specialist until 2025. The board took a vote and declined the request (2-3-0) with C/Flanders, C/Betcher, and C/Majerus all voting in the negative. Since that time, C/Flanders, who originally voted in the majority, has met with staff and made a request that the Parks and Trails Position be added to the May 7, 2024, county board agenda for reconsideration.

⁹ Moved by C/Flanders, seconded by C/Anderson, and carried to approve to reconsider the issue to hire a Parks and Trails Position in 2024 and delay the replacement of the Administrative Support Specialist until 2025.

C/Flanders addressed the board regarding the reconsideration of the Parks and Trails position and suggested the position be titled project coordinator to allow for flexibility of duties. C/Betcher asked what immediate duties the position would be handling. County Engineer, Jess Greenwood addressed the board and went through a list of tasks the position would handle.

¹⁰ Moved by C/Anderson, seconded by C/Flanders, and carried (3-2-0) with C/Majerus and C/Betcher dissenting to approve to hire a Parks and Trails Position in 2024 and delay the replacement of the Administrative Support Specialist until 2025 with review of the position duties in six months.
